

PROJECT: Implement Client Script & UI Policy – Incident

6. Project Documentation

Documentation Contents

Project title, objective, problem statement, requirements, design, configuration steps, Client Script details, UI Policy details, test cases, results, screenshots, limitations, and conclusion.

Configuration Record

For each UI Policy or Client Script, record its name, table, type, condition, purpose, affected fields, and expected behaviour.

Test Case Format

Test Case ID → Condition/Input → Action → Expected Result → Actual Result → Status.

Evidence

Add screenshots of the Incident form, UI Policy configuration, Client Script configuration, and successful test results.

Deliverable

A complete project report containing implementation details and testing evidence.
